Docket No. 98N-1265

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

5855 99 MAY 17 AIO:31

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: It is not up to the FDA to put  
limits of prescriptions that is shipped  
across state lines. The choice should  
always be the consumer as to what  
type of treatment they receive and  
should be allowed any - The FDA  
should only give opinions on this  
matters.
